| <b>LISTING DESCRIPTION</b> | Standard Sprout Pencil: An eco-friendly pencil that sprouts into life. Perfect for brands looking to add a green touch to their message.   |
| <b>PRODUCT DETAILS</b>     | Standard Sprout Pencil Size: 190mm long. Material: Made from sustainably sourced wood to minimise environmental impact. Print Space: Features a 115mm space for custom branding, including the Sprout logo. Seed Choices: Available with a selection of seeds, such as herbs, flowers, and vegetables, supporting biodiversity. Additional Options: We also offer coloured pencils, multicoloured rainbow pencils, and graphite options for those looking for something extra. These come at an additional cost. Overview: The Standard Sprout Pencil is a step towards more sustainable practices. With a 115mm branding area, it serves not only as a writing tool but also turns into a green reminder of your brand when its life as a pencil is over. The embedded seed capsule at its end can be planted, making it a symbol of growth and sustainability. Whether for educational purposes, corporate events, or as a thoughtful giveaway, this pencil aligns with values of growth and environmental care. Opting for additional pencil options allows for further customisation, although at an extra cost, enabling a tailored promotional strategy. |
